4. EVALUATION AND SELECTION

4.1 Evaluation Team

The evaluation of Proposals will be undertaken on behalf of the City by an evaluation team appointed by the City (the “**Evaluation Team**”), which may consist of one or more persons. The Evaluation Team may consult with others including City staff members, third party consultants and references, as the Evaluation Team may in its discretion decide is required. The Evaluation Team will give a written recommendation for the selection of a Preferred Proponent or Preferred Proponents to the City.

4.2 Evaluation Criteria

The Evaluation Team will compare and evaluate all Proposals to determine each Proponent's strength and ability to provide the Services in order to determine the Proposal, or Proposals, which are most advantageous to the City, using the following criteria:

- (a) Experience, Reputation and Resources – The Proponent's experience, reputation and resources as applicable to the performance of the Services.
For this evaluation criterion The Evaluation Team will consider the Proponent's responses to items in Schedule C-2.
- (b) Technical – The Proponent's technical proposal for the performance of the Services as outlined in the Proponent's responses to items in Schedule C-3 and Schedule C-4.

- (c) Financial – The Proponent's financial proposal for the performance of the Services as described in the Proponent's response to Schedule C-5.
- (d) Statement of Departures - The Evaluation Team will consider the Proponent's response to Schedule C-1.

The Evaluation Team will not be limited to the criteria referred to above, and the Evaluation Team may consider other criteria that the Evaluation Team identifies as relevant during the evaluation process. The Evaluation Team may apply the evaluation criteria on a comparative basis, evaluating the Proposals by comparing one Proponent's Proposal to another Proponent's Proposal. All criteria considered will be applied evenly and fairly to all Proposals.

4.3 Discrepancies in Proponent's Financial Proposal

If there are any obvious discrepancies, errors or omissions in Schedule C-5 of a Proposal (Proponent's Financial Proposal), then the City shall be entitled to make obvious corrections, but only if, and to the extent, the corrections are apparent from the Proposal as submitted, and in particular:

- (a) if there is a discrepancy between a unit price and the extended total, then the unit prices shall be deemed to be correct, and corresponding corrections will be made to the extended totals;
- (b) if a unit price has been given but the corresponding extended total has been omitted, then the extended total will be calculated from the unit price and the estimated quantity; and
- (c) if an extended total has been given but the corresponding unit price has been omitted, then the unit price will be calculated from the extended total and the estimated quantity.

4.4 Litigation

In addition to any other provision of this RFP, the City may, in its absolute discretion, reject a Proposal if the Proponent, or any officer or director of the Proponent submitting the Proposal, is or has been engaged directly or indirectly in a legal action against the City, its elected or appointed officers, representatives or employees in relation to any matter, or if the City has initiated legal action against any officers or directors of the Proponent.

In determining whether or not to reject a Proposal under this Section, the City will consider whether the litigation is likely to affect the Proponent's ability to work with the City, its consultants and representatives and whether the City's experience with the Proponent indicates that there is a risk the City will incur increased staff and legal costs in the administration of the Agreement if it is awarded to the Proponent.

4.5 Additional Information

The Evaluation Team may, at its discretion, request clarifications or additional information from a Proponent with respect to any Proposal, and the Evaluation Team may make such

requests to only selected Proponents. The Evaluation Team may consider such clarifications or additional information in evaluating a Proposal.

4.6 Interviews

The Evaluation Team may, at its discretion, invite some or all of the Proponents to appear before the Evaluation Team to provide clarifications of their Proposals. In such event, the Evaluation Team will be entitled to consider the answers received in evaluating Proposals.

If the City selects a Preferred Proponent or Preferred Proponents, then it may:

- (a) enter into a Contract with the Preferred Proponent(s); or
- (b) enter into discussions with the Preferred Proponent(s) to attempt to finalize the terms of the Contract(s), including financial terms, and such discussions may include:
 - (1) clarification of any outstanding issues arising from the Preferred Proponent's Proposal;
 - (2) negotiation of amendments to the departures to the draft Contract, if any, proposed by the Preferred Proponent as set in Schedule C-1 to the Preferred Proponent's Proposal; and
 - (3) negotiation of amendments to the Preferred Proponent's price(s) as set out in Schedule C-5 to the Preferred Proponent's Proposal and/or scope of Services if:
 - (A) the Preferred Proponent's financial Proposal exceeds the City's approved budget, or
 - (B) the City reasonably concludes the Preferred Proponent's financial proposal includes a price(s) that is unbalanced, or
 - (C) a knowledgeable third party would judge that the Preferred Proponent's price(s) materially exceed a fair market price(s) for services similar to the Services offered by the Preferred Proponent as described in the Preferred Proponent's Proposal; or
- (c) if at any time the City reasonably forms the opinion that a mutually acceptable agreement is not likely to be reached within a reasonable time, give the Preferred Proponent(s) written notice to terminate discussions, in which event the City may then either open discussions with another Proponent or terminate this RFP and retain or obtain the Services in some other manner.

5. GENERAL CONDITIONS

Proponents and their agents will not contact any member of the City Council, City staff or City consultants with respect to this RFP, other than the City Representative named in section 2.5, at any time prior to the award of a contract or the cancellation of this RFP and which could be viewed as one Proponent attempting to seek an unfair advantage over other Proponents.

5.6 Confidentiality

All submissions become the property of the City and will not be returned to the Proponent. All submissions will be held in confidence by the City unless otherwise required by law. SCHEDULE A – SCOPE OF SERVICES

1. SCOPE OF SERVICES

The City of Surrey is inviting Proponents to submit Proposals to oversee the design and delivery of both broad and targeted community engagement to support the Official Community Plan Update.

2. BACKGROUND ON OFFICIAL COMMUNITY PLAN UPDATE

The City undertakes a major review of the Official Community Plan (“OCP”) every 10 years to keep the plan current and relevant, and to satisfy requirements identified in the Local Government Act, R.S.B.C. 1996, c. 323 (the “Act”). The Plan sets out the vision, goals and objectives for the future development of the City, and contains policies, plans and strategies for achieving this vision.

Need for Updating the Official Community Plan

The existing plan was adopted by Council in 2013 and is due for an update to ensure alignment with other City and regional initiatives and strategies, and recent Provincial legislation requiring an increased emphasis on climate action and affordable housing.

This project will result in the development of a visionary plan, intended to:

- 1) Provide a long-term vision for the City that helps position Surrey to external audiences and guide the next phase of the City’s evolution;
- 2) Identify and respond to local, regional and global needs and issues, including, housing affordability, climate change and resiliency;
- 3) Provide objectives and policies to guide decision-making on municipal planning and land use management, including land use, environmental protection, transportation systems, social well-being, community development, infrastructure and services, civic amenities, form and character for development applications;
- 4) Demonstrate consideration and alignment with other City and regional initiatives and strategies including Surrey’s Climate Change Action Strategy, Surrey Transportation Plan, Metro’s Regional Growth Strategy and TransLink’s Transport 2050; and
- 5) Support streamlined and efficient implementation and monitoring of the vision and policies.

Official Community Plan Update - Phasing

The OCP update is divided into five phases plus a preliminary scoping phase and is scheduled to be completed in Fall 2025. The following is an overview of the phasing. An expanded work plan is attached as Appendix “I.” and will continue to be built out through the pre-phase scoping work (completion August 2023) in conjunction with the successful Proponent.

| PHASE | DESCRIPTION | TIMING |
|---------------------------|--|-------------------------|
| PRE-PHASE SCOPING | This phase is the preparatory phase which lays the groundwork for the remainder of the project. In this phase the overall work plan is developed, the steering committee and working group are formed, background and contextual work is completed, and an engagement RFP process is conducted to support the project. | 2023 End of Summer |
| PHASE 1 EXPLORING | This phase is about launching the project, creating awareness, and connecting with stakeholders. Externally, this involves broad engagement and internally this includes technical research and developing key issues papers to educate the public and inform the project. Any additional scopes of work that need assistance from consultants will be identified and supported through RFP processes in this phase. | 2023 Fall |
| PHASE 2 VISIONING | This phase focuses on developing a draft vision and objectives. External engagement will look at how to address key challenges and maximize opportunities related to housing affordability, climate change and any other issues identified through Phase 1 engagement. This phase also involves identifying the new document structure. | 2024 Winter – Spring |
| PHASE 3 DEVELOPING | This phase involves identifying the big moves in the OCP (strategic, structural, policy oriented) that will address key challenges and opportunities as the city grows. An important component of this phase is public input on key challenges/opportunities that will help inform these big moves. Internally, working group staff from across the City will draft subject matter content for the document. | 2024 Summer - Fall |
| PHASE 4 REFINING | This phase is focused on designing/producing the final document, then circulating it for feedback. Built into this phase is final confirmation, through community and stakeholder engagement and internal reviews, that the draft document reflects key views and broader priorities. | 2025 Winter – Spring |
| PHASE 5 COMPLETING | This phase is focused on finalizing the document and facilitating the City's bylaw adoption process and the regional context statement referral approval process with the MVRD Board. | 2025 Summer - Fall |

3. OFFICIAL COMMUNITY PLAN UPDATE MANAGEMENT AND ORGANIZATIONAL STRUCTURE

Overall project management for the Official Community Plan Update process will be coordinated by the project coordinator. The project will be supported internally by a project team consisting of Community Planning staff, a working group which will include key staff from around the City and a steering committee that consists of senior department management. The project team and working group will receive guidance and direction from the steering committee. The steering committee will also provide the authority to support the plan approvals process. The project will also be supported by a range of consultants, including the Proponent. Consulting services will provide the expertise to support the research, consultation and analysis processes necessary to develop the plan. Most consultants, including the Proponent, will report to the project coordinator.

An overview of the project organizational structure is as follows:

4. OFFICIAL COMMUNITY PLAN UPDATE ENGAGEMENT PROGRAM OBJECTIVES

The Proponent will develop, implement and report back on an engagement program that supports the Official Community Plan Update. The success of the program will be determined by the community's awareness and understanding of the project, the degree and diversity of participation, the unique opportunities to provide input and the richness of the feedback and its role in informing the update. While the objectives below provide a framework for this process, the Proponent is expected to build an engagement program using collaborative, accessible and fun methods of consultation and dialogue. Key objectives are to:

- **Build Awareness:** Ensure broad external awareness of the Official Community Plan and the engagement opportunities, through a comprehensive and highly visible promotional and outreach campaign.
- **Educate and Build Civic Literacy:** Educate the public and stakeholder groups about the role of the OCP, the opportunities and challenges the city and region are facing, the big moves proposed to address these, and on how their input will help shape the plan. A legacy of this objective will be community members and stakeholders who are more informed and better equipped to participate in civic activities.
- **Undertake both Broad and Diverse Engagement:** A program that balances broad engagement with the general public and targeted engagement to reach those underrepresented voices the City has less success reaching, including youth, low income, single parents and those new to Canada. The goal is to strive for participation reflecting the diversity of residents that live in the City. Refinements to the engagement program are expected from phase to phase to reflect learnings to better reach a diverse representation of Surrey residents.
- **Reporting:**
 - Analyzing and synthesizing stakeholder feedback into an internal report plus an external 'What We Heard' summary, consistent with the Community Planning template.
 - Sharing engagement results to interested parties with each subsequent Plan phase.
- **Alignment with the City's Public Engagement Strategy and Toolkit:** The engagement program should reflect the values, engagement methodology and recommended practices outlined in the Surrey Public Engagement Strategy and Toolkit (attached as Appendix II).

Successful implementation of the engagement program will support the development of an inclusive, visionary and sustainable Official Community Plan that reflects community values.

5. OFFICIAL COMMUNITY PLAN ENGAGEMENT PROGRAM SCOPE

The Proponent will be retained to develop, implement, and report out on a robust and innovative stakeholder engagement program. The engagement strategy will ensure that outreach addresses the engagement objectives above and that participation is reflective of the demographic profile of Surrey. The City has identified six potential streams of engagement that need be undertaken as part of the OCP update. The scope of the Proponent's work will focus on the first three listed as follows:

1. Broad - General Population
2. Targeted (Seldom Heard as outlined in the Public Engagement Strategy and Toolkit) – immigrants and refugees, people on low income and renters, people with disabilities and youth
3. Other Stakeholders (potential groupings) - education and health, economic development (BIA, Board of Trades,etc.), seniors, food and agriculture, community associations, community service agencies
4. *Local Government Act Required Stakeholders (other governments, boards and agencies)*
5. *First Nations*
6. *Urban Indigenous*

The following is a high-level list of the engagement work and supporting activities that are within the successful Proponents scope of work or outside of it.

| Streams of Engagement Related Work | |
|---|---|
| Consultant Led | City Led (or separate stream of work) |
| <ul style="list-style-type: none"> • Design, conduct and report back on broad, targeted, and other stakeholder engagement. • Help shape the branding, communications strategy and more detailed communications plans for each phase of engagement.* • Provide feedback on survey content.* • Analyze the survey findings along with other engagement feedback and report back. • Observe internal staff engagement to develop a comprehensive understanding of the issues for reporting out. | <ul style="list-style-type: none"> • Develop project branding with the City's marketing team (graphics, communications, web) and in collaboration with the Proponent. • Develop surveys. • Develop and deliver communications strategy and detailed communication plans to support the engagement strategy. • Conduct internal staff engagement. • Conduct engagement with city led committees (e.g. Agriculture and Food Policy Committee). |

*These are city led components of the project with an opportunity for the Proponents to be involved in shaping to varying degrees, depending on the initiative.

5.1 Develop an Engagement Program

The first task of the successful Proponent in the late Summer and early Fall of 2023 will be to create the Stakeholder Engagement Program, an internal working document that outlines the objectives, strategies and critical paths. Critical to this work will be prioritizing and developing the first phase of engagement to be conducted in Fall 2023, to ensure the project stays on schedule for completion in Fall 2025. Due to the short timeline it is anticipated that Phase 1 will focus on broad engagement.

The following is a preliminary outline of the engagement goals for phase 1-4 of the OCP update process. There is no engagement envisioned for phase 5 or the pre-scoping phase.

Engagement Phases - Intent, Asks

| | Intent | Asks |
|---|--|--|
| Phase 1 Exploring Q4 2023 | <ul style="list-style-type: none"> • External kick-off. • Build awareness and excitement. • Establish baseline understanding of current context, projected growth and challenges. | <ul style="list-style-type: none"> • What do you love about Surrey? • What do you wish for in Surrey? • What are the opportunities for Surrey as it grows? • Here are the key challenges we know Surrey (and the region) are facing? Are there others? • How can we align with M2050 and T2050? |
| Phase 2 Visioning Q2 2024 | <ul style="list-style-type: none"> • Begin to engage on key issues (housing, climate change, etc.). | <ul style="list-style-type: none"> • Here is the draft vision and objectives. Is there anything missing or that you would change? • Here are the key challenges and opportunities that you helped identify. Here are some ideas for how we can tackle these ideas. What do you think? Other ideas? |
| Phase 3 Developing Q3 2024 | <ul style="list-style-type: none"> • Complete engagement on key issues. • Share big moves. | <ul style="list-style-type: none"> • Here are the big moves we are proposing. What do you think? |
| Phase 4 Refining Q1 2025 | <ul style="list-style-type: none"> • Check in. • Final input. | <ul style="list-style-type: none"> • Did we get it right? Is there anything missing or that needs to be changed? |

Preliminary Engagement Program Timeline and Milestones

| Phase | Major Project Milestones | Date (Estimated.) |
|--------------|------------------------------------|--------------------------|
| Pre-Phase | Onboard and Work Plan Strategizing | Q3 2023 |
| Phase 1 | Engagement | Q4 2023 |
| Phase 1 | Reporting Back | Q4 2023 |
| Phase 2 | Engagement | Q2 2024 |
| Phase 2 | Reporting Back | Q2 2024 |
| Phase 3 | Engagement | Q3 2024 |
| Phase 3 | Reporting Back | Q4 2024 |
| Phase 4 | Engagement | Q1 2025 |
| Phase 4 | Reporting Back | Q2 2025 |

Engagement should include specific consideration of the different audiences, reflect the different types of information being shared and solicited during each phase, and demonstrate alignment with other city events or seasonal activities (e.g. outdoor pop-up during warmer months), where relevant. In developing the engagement program, the Proponent will consider targeted and thematic engagement activities aimed at generating audience specific feedback.

To support this, the City will provide the successful proponent with:

- A preliminary timeline.
- An index of 2023/24 city events as engagement opportunities.

- A stakeholder contact registry organized into audience groups.

Guiding questions for development of an engagement program:

- Diverse Communities - How would the engagement program reach Surrey's diverse communities, especially ones that the City has traditionally had less success reaching, including immigrants and refugees, people on low income and renters, people with disabilities, and youth?
- Engagement Fatigue – How to sustain participation over multiple phases of a project? How to align with or stand apart from other City engagement initiatives, including secondary land use plans, parks projects and transportation initiatives?

5.2 Implement the Engagement Program

The Proponent's primary role will be to drive implementation of the engagement program, including helping to shape and support promotion, preparing and producing presentation materials (e.g. display boards, print materials), coordinating, executing and attending events, and reporting out afterwards. The City's Communications team (Web and Social Media) and the project team will be directly involved in shaping and delivering the communications strategy to support the engagement strategy using existing city channels and creative campaigns customized for each phase of engagement.

The Proponent will have access to City resources including meeting rooms and event spaces. The following would be leveraged but overseen by City staff - Engage Surrey (Surrey's online engagement hub hosted by Bang the Table), City Speaks (Surrey's online community engagement research platform), city communication channels and web support. City staff will also attend consultation events and activities as needed.

It is acknowledged that the full range and number of engagement activities will be established as the Community Engagement Plan is developed. As such, the Proponent shall consider their anticipated costs in their proposal assumptions.

5.3 Report on Consultation Outcomes

The Proponent will analyze and synthesize stakeholder feedback into an internal report and an external 'What We Heard' summary for each of the four phases of engagement. The external facing 'What We Heard' document will be consistent with the Community Planning template. Reporting out will include an overview of consultation exercises and activities, record of residents and stakeholders involved and a comprehensive analysis and summary of findings.

The Proponent should include an overview in their proposal of how they intend to analyse and present the findings of community and stakeholder consultation (e.g. summaries, mapping, charts, and infographics). Further to the above, the proponent should also outline proposed measures or indicators of success, to enable the City to gauge acceptable confidence in the engagement results (i.e. to indicate we have addressed our engagement objectives).

The analysis and reporting out documents should include:

- Stakeholder audience group

- Demographic profile
- Geography
- Overview of findings (executive summary)
- Detailed findings
- Graphics (e.g. maps, graphs, infographics) conveying engagement results

5.4 Additional Scope

- Attendance at meetings, including preparation of agendas and minutes.

6.1 Engagement Plan

The initial deliverable for this task will be an Engagement Plan as an internal working document by early Fall 2023. Within their proposal, the Proponent is expected to outline their approach to the development of the final Engagement Plan and estimate the number of events or engagement hours and general format of potential engagement activities and events that can be expected given the project scope and budget. The following elements need to be considered and included in the Engagement Plan:

- Attendance at internal staff engagement events (as observer) – to gain a comprehensive understanding of the issues, opportunities, recommendations, etc. for inclusion in the internal-facing engagement report
- Internal OCP Engagement Project Management Meetings
- Community Engagement Events
- Focus groups/interviews – stakeholder groups
- Reports
- What We Heard summaries

6.2 Implementation Strategy

The Proponent shall execute the Engagement Plan as outlined in the scope of services above. It is acknowledged that the full range and number of engagement activities will be outlined through the development of the Engagement Plan. As such, the Proponent shall consider their anticipated costs within their proposal assumptions.

6.3 Reports on the Outcomes of Engagement

For each of the four phases of engagement the Proponent will analyze and synthesize community and stakeholder feedback into:

- An internal report; and

- An external (templated) ‘What We Heard’ summary.

7. PROJECT BUDGET

The budget for the scope of work detailed within this RFP is **\$200,000** including Fees, Disbursements, and GST. Proponents should provide detailed fees relating to their proposed schedule of work. Proponents should clearly demonstrate the scope of work, including a summary of deliverables, they are prepared to offer within the project budget.

The Consultant will preserve and protect the rights of the City with respect to any Services performed under sub-contract and incorporate the terms and conditions of this agreement into all sub-contracts as necessary to preserve the rights of the City under this agreement. The Consultant will be as fully responsible to the City for acts and omissions of sub-contractors and of persons directly or indirectly employed by them as for acts and omissions of persons directly employed by the Consultant.

4. LIMITED AUTHORITY

4.1 Agent of City

The Consultant is not and this agreement does not render the Consultant an agent or employee of the City, and without limiting the above, the Consultant does not have authority to enter into any contract or reach any agreement on behalf of the City, except for the limited purposes as may be expressly set out in this agreement, or as necessary in order to perform the Services. The Consultant will make such lack of authority clear to all persons with whom the Consultant deals

in the course of providing the Services. Every vehicle used by the Consultant in the course of performing the services shall identify the Consultant by name and telephone number.

4.2 Independent Contractor

The Consultant is an independent contractor. This agreement does not create the relationship of employer and employee, a partnership, or a joint venture. The City will not control or direct the details, means or process by which the Consultant performs the Services. The Consultant will determine the number of days and hours of work required to properly and completely perform the Services. The Consultant is primarily responsible for performance of the Services and may not delegate or assign any Services to any other person except as provided for in Section 3.4. The Consultant will be solely liable for the wages, fringe benefits, work schedules and work conditions of any partners, employees or sub-contractors.

5. FEES

5.1 Fees

The City will pay to the Consultant the fees as set out in Appendix 2 (the "**Fees**"). Payment by the City of the Fees and Disbursements will be full payment for the Services and the Consultant will not be entitled to receive any additional payment from the City.

5.2 Payment

Subject to any contrary provisions set out in this Agreement:

- (a) the Consultant will submit an invoice (the "**Invoice**") to the City requesting payment of the portion of the Fees and Disbursements relating to the Services provided. Each Invoice should be sent **electronically** to: surreyinvoices@surrey.ca and include the following information:
 - (1) an invoice number;
 - (2) the Consultant's name, address and telephone number;
 - (3) the City's reference number for the Services; P.O. # (to be advised)
 - (4) the names, charge-out rates and number of hours worked in the previous month of all employees of the Consultant and any sub-contractor(s) that has/have performed services during the previous month;
 - (5) the percentage of Services completed at the end of the previous month;
 - (6) the total budget for the Services and the amount of the budget expended to the date of the Invoice;
 - (7) taxes (if any);
 - (8) grand total of the Invoice;
- (b) the Consultant will on request from the City provide receipts and invoices for all Disbursements claimed;
- (c) if the City reasonably determines that any portion of an Invoice is not payable then the City will so advise the Consultant;
- (d) the City will pay the portion of an Invoice which the City determines is payable less any deductions for setoffs or holdbacks permitted by this Agreement including,

- without limitation, any amounts permitted to be held back on account of deficiencies, within 30 days of the receipt of the Invoice;
- (e) if the Consultant offers the City a cash discount for early payment, then the City may, at the City's sole discretion, pay the discounted portion of an Invoice; and
 - (f) all Invoices shall be stated in, and all payments made in, Canadian dollars.

5.3 Disbursements

In addition to the Fees, the City will reimburse the Consultant for actual out-of-pocket costs and expenses ("**Disbursements**") as identified in Appendix 2 which the Consultant, and approved sub-contractors, incur in the performance of the Services, plus any additional Disbursements with the prior written approval of the City.

For greater certainty, costs of general management, non-technical supporting services and general overheads are deemed to be covered by the Fees and will not be subject to additional payment by the City.

5.4 Records

The Consultant will prepare and maintain proper records related to the Services, including records, receipts and invoices relating to Disbursements. On request from the City, the Consultant will make the records available open to audit examination by the City at any time during regular business hours during the time the Consultant is providing the Services and for a period of six years after the Services are complete.

5.5 Non-Residents

If the Consultant is a non-resident of Canada and does not provide to the City a waiver of regulation letter, the City will withhold and remit to the appropriate governmental authority the greater of:

- (a) 15% of each payment due to the Consultant; or
- (b) the amount required under applicable tax legislation.

6. CITY RESPONSIBILITIES

6.1 City Information

The City will, in co-operation with the Consultant make efforts to make available to the Consultant information, surveys, and reports which the City has in its files and records that relate to the Services. The Consultant will review any such material upon which the Consultant intends to rely and take reasonable steps to determine if that information is complete or accurate. The Consultant will assume all risks that the information is complete and accurate and the Consultant will advise the City in writing if in the Consultant's judgment the information is deficient or unreliable and undertake such new surveys and investigations as are necessary.

6.2 City Decisions

The City will in a timely manner make all decisions required under this agreement, examine documents submitted by the Consultant and respond to all requests for approval made by the Consultant pursuant to this agreement.

6.3 Notice of Defect

If the City observes or otherwise becomes aware of any fault or defect in the Services, it may notify the Consultant, but nothing in this agreement will be interpreted as giving the City the obligation to inspect or review the Consultant's performance of the Services.

7. INSURANCE AND DAMAGES

7.1 Indemnity

The Consultant will indemnify and save harmless the City and all of its elected and appointed officials, officers, employees, servants, representatives and agents (collectively the "**Indemnitees**"), from and against all claims, demands, causes of action, suits, losses, damages and costs, liabilities, expenses and judgments (including all actual legal costs) for damage to or destruction or loss of property, including loss of use, and injury to or death of any person or persons which any of the Indemnitees incur, suffer or are put to arising out of or in connection with any failure, breach or non-performance by the Consultant of any obligation of this agreement, or any wrongful or negligent act or omission of the Consultant or any employee or agent of the Consultant.

7.2 Survival of Indemnity

The indemnity described in Section 7.1 will survive the termination or completion of this agreement and, notwithstanding such termination or completion, will continue in full force and effect for the benefit of the Indemnitees.

7.3 Consultant's Insurance Policies

The Consultant will, without limiting its obligations or liabilities and at its own expense, provide and maintain throughout this agreement the following insurances in forms and amounts acceptable to the City from insurers licensed to conduct business in Canada:

- (a) commercial general liability insurance on an occurrence basis, in an amount not less than three million (\$3,000,000) dollars inclusive per occurrence against death, bodily injury and property damage arising directly or indirectly out of the work or operations of the Consultant, its employees and agents. The insurance will include cross liability and severability of interests such that the coverage shall apply in the same manner and to the same extent as though a separate policy had been issued to each insured. The insurance will include, but not be limited to: premises and operators liability, broad form products and completed operations, owners and Consultants protective liability, blanket contractual, employees as additional insureds, broad form property damage, non-owned automobile, contingent employers liability, broad form loss of use, personal injury, and incidental medical malpractice. The City will be added as additional insured;

- (b) professional errors and omissions insurance in an amount not less than two million (\$2,000,000) dollars insuring all professionals providing the Services from liability resulting from errors or omissions in the performance of the Services, with a 12 month maintenance period; and
- (c) automobile liability insurance on all vehicles owned, operated or licensed in the name of the Consultant in an amount not less than three million (\$3,000,000) dollars per occurrence for bodily injury, death and damage to property.

7.4 Insurance Requirements

The Consultant will provide the City with evidence of the required insurance prior to the commencement of this agreement. Such evidence will be in the form of a completed certificate of insurance acceptable to the City. The Consultant will, on request from the City, provide certified copies of all of the Consultant's insurance policies providing coverage relating to the Services, including without limitation any professional liability insurance policies. All required insurance will be endorsed to provide the City with thirty (30) days advance written notice of cancellation or material change restricting coverage. To the extent the City has an insurable interest, the builder's risk policy will have the City as first loss payee. The Consultant will be responsible for deductible amounts under the insurance policies. All of the Consultant's insurance policies will be primary and not require the sharing of any loss by the City or any insurer of the City.

7.5 Consultant Responsibilities

The Consultant acknowledges that any requirements by the City as to the amount of coverage under any policy of insurance will not constitute a representation by the City that the amount required is adequate and the Consultant acknowledges and agrees that the Consultant is solely responsible for obtaining and maintaining policies of insurance in adequate amounts. The insurance policy coverage limits shall not be construed as relieving the Consultant from responsibility for any amounts which may exceed these limits, for which the Consultant may be legally liable.

7.6 Additional Insurance

The Consultant shall place and maintain, or cause any of its sub-contractors to place and maintain, such other insurance or amendments to the foregoing policies as the City may reasonably direct.

7.7 Waiver of Subrogation

The Consultant hereby waives all rights of recourse against the City for loss or damage to the Consultant's property.

8. TERMINATION

8.1 By the City

The City may at any time and for any reason by written notice to the Consultant terminate this agreement before the completion of all the Services, such notice to be determined by the City at its sole discretion. Upon receipt of such notice, the Consultant will perform no further Services other than the work which is reasonably required to terminate the Services and return the City's

property to the City. Despite any other provision of this agreement, if the City terminates this agreement before the completion of all the Services, the City will pay to the Consultant all amounts owing under this agreement for Services provided by the Consultant up to and including the date of termination, plus reasonable termination costs in the amount as determined by the City in its sole discretion. Upon payment of such amounts no other or additional payment will be owed by the City to the Consultant, and, for certainty, no amount will be owing on account of lost profits relating to the portion of the Services not performed or other profit opportunities.

8.2 Termination for Cause

The City may terminate this agreement for cause as follows:

- (a) If the Consultant is adjudged bankrupt, or makes a general assignment for the benefit of creditors because of its insolvency, or if a receiver is appointed because of its insolvency, the City may, without prejudice to any other right or remedy the City may have, terminate this agreement by giving the Consultant or receiver or trustee in bankruptcy written notice; or
- (b) If the Consultant is in breach of any term or condition of this agreement, and such breach is not remedied to the reasonable satisfaction of the City within 5 days after delivery of written notice from the City to the Consultant, then the City may, without prejudice to any other right or remedy the City may have, terminate this agreement by giving the Consultant further written notice.

If the City terminates this agreement as provided by this Section, then the City may:

- (a) enter into contracts, as it in its sole discretion sees fit, with other persons to complete the Services;
- (b) withhold payment of any amount owing to the Consultant under this agreement for the performance of the Services;
- (c) set-off the total cost of completing the Services incurred by the City against any amounts owing to the Consultant under this agreement, and at the completion of the Services pay to the Consultant any balance remaining; and
- (d) if the total cost to complete the Services exceeds the amount owing to the Consultant, charge the Consultant the balance, which amount the Consultant will forthwith pay.

8.3 Curing Defaults

If the Consultant is in default of any of its obligations under this agreement, then the City may without terminating this agreement, upon 5 days written notice to the Consultant, remedy the default and set-off all costs and expenses of such remedy against any amounts owing to the Consultant. Nothing in this agreement will be interpreted or construed to mean that the City has any duty or obligation to remedy any default of the Consultant.

9. APPLICABLE LAWS, POLICIES, BUILDING CODES AND BY-LAWS

9.1 Applicable Laws and Policies

This agreement will be governed by and construed in accordance with the laws of the Province of British Columbia. The City and the Consultant accept the jurisdiction of the courts of British Columbia and agree that any action under this agreement be brought in such courts.

The Consultant shall comply with all applicable policies, procedures and instructions provided by the City.

9.2 Codes and By-Laws

The Consultant will provide the Services in full compliance with all applicable laws, building codes and regulations.

9.3 Interpretation of Codes

The Consultant will, as a qualified and experienced professional, interpret applicable codes, laws and regulations applicable to the performance of the Services. If an authority having jurisdiction imposes an interpretation which the Consultant could not reasonably have verified or foreseen prior to entering into this agreement, then the City will pay the additional costs, if any, of making alterations so as to conform to the required interpretation.

10. CONFIDENTIALITY AND DISCLOSURE OF INFORMATION

10.1 No Disclosure

Except as provided for by law or otherwise by this agreement, the Consultant will keep strictly confidential any information supplied to, obtained by, or which comes to the knowledge of the Consultant as a result of the performance of the Services and this agreement, and will not, without the prior express written consent of the City, publish, release, disclose or permit to be disclosed any such information to any person or corporation, either before, during or after termination of this agreement, except as reasonably required to complete the Services.

Refer to Attachment #1 for additional information.

10.2 Freedom of Information and Protection of Privacy Act

11. USE OF WORK PRODUCT

12. WORKERS' COMPENSATION BOARD AND OCCUPATIONAL HEALTH AND SAFETY

- 12.1 The Consultant agrees that it shall, at its own expense, procure and carry, or cause to be procured, carried and paid for, full Workers' Compensation Board coverage for itself and all workers, employees, servants and others engaged in or upon any work or service which is the subject of this agreement. The Consultant agrees that the City has the unfettered right to set off the amount of the unpaid premiums and assessments for the Workers' Compensation Board coverage against any monies owing by the City to the Consultant. The City will have the right to withhold payment under this agreement until the Workers' Compensation Board premiums, assessments or penalties in respect of the Services have been paid in full.
- 12.2 The Consultant will provide the City with the Consultant's Workers' Compensation Board registration number and a letter from the Workers' Compensation Board confirming that the Consultant is registered in good standing with the Workers' Compensation Board and that all assessments have been paid to the date thereof prior to the City having any obligations to pay monies under this agreement.
- 12.3 The Consultant agrees that it is the prime contractor for the Services as defined in the *Workers Compensation Act, R.S.B.C. 2019, c.1* as amended and will ensure compliance with the *Workers Compensation Act* and Regulations in respect of the workplace. Without limiting its responsibilities under the legislation, the Consultant will coordinate the activities of employers, workers and other persons at the workplace relating to occupational health and safety. The Consultant will have a safety program in place that meets the requirements of the Workers' Compensation Board Occupational Health and Safety Regulation and the *Workers Compensation Act*. As prime contractor, the Consultant will be responsible for appointing a qualified coordinator for insuring the health and safety activities for the location of the Services. That person will be the person so identified in this agreement, and the Consultant will advise the City immediately in writing if the name or contact number of the qualified coordinator changes.
- 12.4 Without limiting the generality of any other indemnities granted by the Consultant in this agreement, the Consultant shall indemnify and save harmless the Indemnitees from and against all claims, demands, causes of action, suits, losses, damages, costs, liabilities, expenses, judgements, penalties and proceedings (including all actual legal costs) which any of the Indemnitees incur, suffer or are put to arising out of or in any way related to unpaid Workers' Compensation Board assessments owing from any person or corporation engaged in the performance of this agreement or arising out of or in any way related to the failure to observe safety rules, regulations and practices of the Workers' Compensation Board, including penalties levied by the Workers' Compensation Board.
- 12.5 The Consultant will ensure compliance with and conform to all health and safety laws, by-laws or regulations of the Province of British Columbia, including without limitation the *Workers Compensation Act* and Regulations pursuant thereto.

- 12.6 The City may, on twenty-four (24) hours written notice to the Consultant, install devices or rectify any conditions creating an immediate hazard existing that would be likely to result in injury to any person. However, in no case will the City be responsible to ascertaining or discovering, through inspections or review of the operations of the Consultant or otherwise, any deficiency or immediate hazard.

13. BUSINESS LICENSE

- 13.1 The Consultant will obtain and maintain throughout the term of this agreement a valid City of Surrey business license.

14. DISPUTE RESOLUTION

14.1 Dispute Resolution Procedures

The parties will make reasonable efforts to resolve any dispute, claim, or controversy arising out of this agreement or related to this agreement (“**Dispute**”) using the dispute resolution procedures set out in this Section 14.

(a) Negotiation

The parties will make reasonable efforts to resolve any Dispute by amicable negotiations and will provide frank, candid and timely disclosure of all relevant facts, information and documents to facilitate negotiations.

(b) Mediation

If all or any portion of a Dispute cannot be resolved by good faith negotiations within 30 days, either party may by notice to the other party refer the matter to mediation. Within 7 days of delivery of the notice, the parties will mutually appoint a mediator. If the parties fail to agree on the appointment of the mediator, then either party may apply to the British Columbia International Commercial Arbitration Centre for appointment of a mediator. The parties will continue to negotiate in good faith to resolve the Dispute with the assistance of the mediator. The place of mediation will be Surrey, British Columbia. Each party will equally bear the costs of the mediator and other out-of-pocket costs, and each party will bear its own costs of participating in the mediation.

(c) Litigation

If within 90 days of the request for mediation the Dispute is not settled, or if the mediator advises that there is no reasonable possibility of the parties reaching a negotiated resolution, then either party may without further notice commence litigation.

15. JURISDICTION AND COUNCIL NON-APPROPRIATION

- 15.1 Nothing in this agreement limits or abrogates, or will be deemed to limit or abrogate, the jurisdiction of the Council of the City in the exercise of its powers, rights or obligations under any public or private statute, regulation or by-law or other enactment.
- 15.2 The Consultant recognizes and agrees that the City cannot make financial commitments beyond the City's current fiscal year. The City will annually make bona fide requests for appropriation of sufficient funds to cover all payments covered by this agreement. If City Council does not appropriate funds, or appropriates insufficient funds, the City will notify the Consultant of its intention to terminate or reduce the services so affected within 30 days after the non-appropriation becomes final. Such termination shall take effect 30 days from the date of notification, shall not constitute an event of default and shall relieve the City, its officers and employees, from any responsibility or liability for the payment of any further amounts under this agreement.

16. GENERAL

16.1 Entire Agreement

This agreement, including the Appendices and any other documents expressly referred to in this agreement as being a part of this agreement, contains the entire agreement of the parties regarding the provision of the Services and no understandings or agreements, oral or otherwise, exist between the parties except as expressly set out in this agreement.
